

23 July 2024

Dear C-Suite Executive,

We are honoured to invite you and your non-executive board members to join us for an extraordinary leadership experience. The 7th Annual Outward-Bound Captain's Suite promises personal growth and transformation for the region's senior executives and will take place from August 28th to 31st in Gaborone, Botswana.

In collaboration with Coronation Solutions and the Botswana Investment Trade Centre (BITC), this year's Captain's Suite transcends traditional boundaries, marking a pivotal shift towards fostering global leadership, collaborative innovation, and strategic growth in turbulent economic times. The event has become a cornerstone for C-Suite executives to forge connections, exchange vital strategies, and explore new dimensions in Corporate Governance, Transformational Leadership, Innovation, Entrepreneurship, and Investment.

Our theme for 2024, "**Breaking Barriers, Building Bridges: The New Dimensions of Leadership,**" seeks to address the evolving challenges and opportunities in today's fast-paced business environment.

At the heart of this exclusive event lies our unique "Lounge" concept. Emphasizing intimacy and meaningful connections, we curate an environment that fosters profound conversations and diverse perspectives. To maintain this atmosphere, we limit attendance to a maximum of 60 esteemed individuals. This is not a conference; it is a transformational experience reserved for select invitees, ensuring a rich tapestry of economic sectors represented, enriching the quality of discourse.

This exceptional program seamlessly blends captivating presentations with invigorating outdoor and indoor activities, designed to challenge and push the boundaries of traditional mindsets. Step outside your comfort zone, and embrace the exhilarating journey that awaits you.

We eagerly await your presence at The Outward-Bound Captains' Suite.

Yours Faithfully
